

RADQUAL SOURCE RETURN POLICY

1. Unlike our competitors, we do understand that orders may be made in error. If this does happen, you will receive a prompt credit provided you return the source back to us within *10 working days*, less a modest *restocking fee* to cover wipe testing and restocking costs.

You will be responsible for *all shipping expenses* associated with the return.

2. If this is our order error OR the source appears to be defective, you **MUST** return the source within *10 working days* to receive full credit. RadQual will cover all related shipping costs.

Thank you for your business!
